THE OFFER

ORIGINAL ART, *made for* YOUR PROJECT

I create paintings for residences, hotels and restaurants — from one statement piece to a coherent series for the whole space. Every work is painted by hand, in the size and palette your project needs.

THE ARTIST

LENA TROFIMOVA

Ukrainian artist based in Barcelona. I paint large-format abstract works built on colour, organic form and hand-drawn detail — art that feels personal, never decorative filler.

APPROACH

INTUITION *before* FORMULA

I start from a feeling, a colour or a movement and let the painting find its own direction. For a commission we agree on scale, palette and mood — the rest stays alive, so the work never looks produced.

TECHNIQUE

LAYERS YOU CAN *walk up to*

Acrylic washes, charcoal, oil pastel and drawn line on canvas. Thin transparent layers build depth; hand-drawn contours, signs and words appear only when you come closer.

Each original is signed and comes with a certificate of authenticity.

TERRA · 01 / 06

NOON SCRIPT

Ochre heat and milk-white signs — an alphabet nobody had to teach us.

TERRA · 02 / 06

MILK & CLAY

Soft forms pressing against each other, like islands on a warm map.

TERRA · 03 / 06

ISLANDS REMEMBER

Hand-drawn contour lines hold the memory of a landscape, layer by layer.

New commissions developed in a related visual style, with scale and palette tailored to your project.

BUT IT DOES

"The world doesn't change when you look closer." Tiny drawn worlds and hidden words.

TERRA · 05 / 06

LOW TIDE, AMBER

Dark umber shores and molten orange — a coastline seen from above.

EMBER WEATHER

Pure colour in motion. It works in a room the way light does.
